

Dear Parents,

A very good morning. Its good news that Dhanbad is now a green zone soon. We are following the instructions given by the Government and that has brought the result. We as adults have to play a very vital role to keep our families safe and healthy.

I request you to stay updated about COVIT 19 from authorized sources. DONOT encourage fake news neither forward such messages or videos in whatsapp. Please keep your child / children indoors.

We are helping you to keep your child / children occupied so providing you with the assignments. But I understand that many of you might be facing problem because you do not have the text books. This is no issue. At present our assignments are prepared in such a manner that students can understand and solve them easily without text books.

However, it is important to keep them healthy in mind and body. Therefore, a schedule should be maintained which you must monitor. There ought to be TIME for PRAYER, EXERCISE (eg Yoga, free hand), GAMES (indoor like – Ludo, Carrom), SINGING, DANCING, PAINTING, etc. All our students are talented and let them nurture their talent now to the utmost. Your involvement in their activities will make them happy.

One important task that MUST be done daily is – READING & WRITING. Children may read anything like newspaper, story books, biographies, fairy tales, etc. We will provide you with certain websites with proper information as to which books will be good for our students. The writing practice should also continue. They will improve their Handwrting, Spellings, Grammar, Style and more. When they return to school, they will be more confident with themselves.

Please do not worry about the school curriculum and tests. We are much alert and will provide our students with the BEST of the facilities. Once the school reopens and we get back to our regular routine, all lessons will be thoroughly revised. Tests will be conducted only after the lessons are taught.

During this Lockdown period, we are emphasizing on the development of good habits like Self – Study, Self – Discipline. Assignments are designed to increase the Vocabulary, Language Fluency, to help develop Creative Thinking and Analytical Minds. Our students are preparing for the Future.

For easy interaction between Teacher and Student we will now use our Website.

Firstly, we will create user id and password in our webpage loyolaldanga.com or loyolaldanga.com/index.php through student portal (i.e on top of the webpage). Click on students → New page will be open (i.e Students login) → Now select **You not have a membership? SignUp...** → Students Signup page will be open. There you have to type the following

- 1) Your name (15 character only)
- 2) School-Id (Student Id begin with **LS/**)
- 3) Email id (Correct email id, if not their please create it through gmail only)
- 4) Select the class which you study
- 5) Password (easy which you can remember which is consist of 8 character or more than 8 character but not less than 8 character)
- 6) Confirm Password (same as password).

→ Then click on Register (It will indicate that Register Successful. And then you can login. (i.e. At the point of the screen **You already have a membership? Login.**).

The above point will help you to create your login and password.

After login you will see the screen Welcome to Dashboard Class..... ! On the top corner right hand side you will see three lines select it → View All Assignment (You will view all the assignment load by various subject teachers in that three button are their they are BRIEFING, LINK & COMMENT). BRIEFING – Teacher are telling about the assignment description, LINK – From where you can open you file or folder. You have to click on the button LINK a dialog box will open and then you can select the link. This link will open new page. COMMENT – Where you can send message to your subject teacher about any type of query and teacher will reply through email. Like this way you will receive you assignment.

Students of Class 12 will start ZOOM classes from Monday, 4th May, 2020. This is only to satisfy their desire. We will continue with the audio and pdf assignments. This method using the audio and pdf has given us a very good feedback. Students are able to use the files a number of times and it helps them to understand and learn better. The Zoom class will have a fixed time. But these audios and pdfs once downloaded are with the students all the time. Even if any gets deleted they can download again.

Along with the new method of using the Web page for assignments, we will continue using the whatsapp also, till our students are competent with the web page.

There is no substitute for Classroom Learning. The contact between the Teacher and Student in the Class creates magic and makes teaching – learning interestingly easy. Technology can only be an aid in this process. We pray and hope to get back to our Classrooms soon.

Thank you for all your cooperation and support to make our children's future secured. A beautiful world (free from Corona) is waiting for us. We must stay positive.

There will be no late fee fine . If you have any query please call up 7070644488 or 8252660889 numbers.

School Office will reopen soon, timing and date will be inform later. Best wishes.

Fr. Elvius Dungdung
